CHOWAN COLLEGE

*Established 1848*

MURFREESBORO, NORTH CAROLINA

## Facts About Chowan College

ESTABLISHED in 1848. Offers courses leading to A.B. and B.S. Degrees. Diplomas given in Piano, Voice, Violin, Art, Expression, and Home Economics. Excellent faculty from standard colleges and universities. Two active and enthusiastic literary societies. Active religious organizations, Y. W. A., W. M. U., and B. Y. P. U.

Well arranged, well equipped library, adapted for use of teachers and students in every subject taught in the college, Dewey Decimal System.

Science Department offers strong courses. Well equipped laboratories for Chemistry, Biology and Physics.

Music Department very popular. Thirteen new pianos added to equipment and four new studios.

China Painting in the Art Department is arousing great enthusiasm among the students.

Dramatic Clubs in the Expression Course, cooking and sewing contests in the Home Economics Course, are creating unusual interest in these departments.

Forty-one acres compose the site of the college. A beautiful, well-shaded campus of fifteen acres, and a large athletic field furnish ample opportunities for outdoor recreation.

Fresh vegetables from the truck farm, and wholesome milk from the dairy are furnished every month in the year.

The water supply is pumped from 200 feet in the ground on up into the new overhead tank, 80 feet high. The water is absolutely pure and healthful.

The recent changes in the interior of the administration building and dormitories make it now one of the most convenient and attractive anywhere to be found.

The new society halls are the pride of the student body.

The College is located in northeastern North Carolina in Murfreesboro, a fifteen-minute drive from Conway on the Seaboard railroad, and a thirty-minute drive from Tunis on the Coast Line Railroad. A hard surfaced road is now being constructed from Weldon and Scotland Neck, through Conway, Murfreesboro, Winton, Gatesville, and on to Elizabeth City. This will put the College within ten minutes of the station at Conway, twenty minutes of the station at Tunis, and two hours from Elizabeth City. *Send for our catalogue.*

PRESTON S. VANN, President.

*Dr. J. M. Vann - President*

ADMINISTRATION BUILDING

STAIRWAY INTERIOR

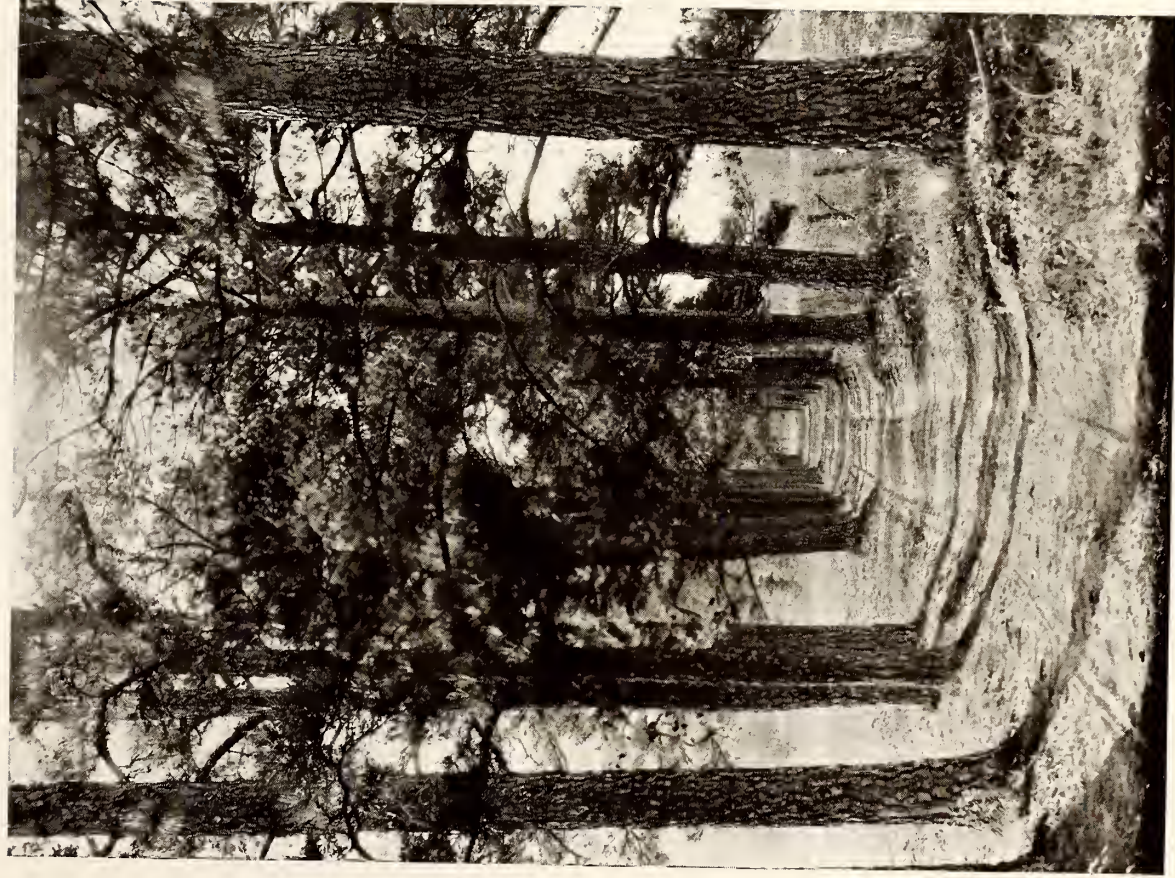

Presented by Rose Nowell of the Class 1915. "THE CROW'S NEST" It has since been used as the exclusive property of the Senior Class

Our girls delight to take the visitor to this stream in the Labyrinth and tell how Hon. W. N. H. Smith, a Confederate Congressman, and afterwards Chief Justice of North Carolina, hid in safety under a small bridge while Federal Officers who were seeking him passed over.
